Continuing Dental Education

Infection Control Update

Oct 17 for the entire dental team—Agnes Yngson Discover what lies within the 48 page document proposed by the College of Dental Surgeons of BC in collaboration with College of Dental Hygienists of BC. Understand the proposed changes and what will be involved for you and your staff in terms of changes, costs and time. Don't be taken by surprise. Dental/hygiene offices in Ontario and Alberta are already being affected by similar changes and related audits. Ignorance can be expensive.

Agnes Yngson will lead participants through the proposed regulations/changes for Infection Control Procedures in BC. What changes should you be prepared to implement in your practice? What are the options? The related costs? How can these changes be implemented easily and cost effectively?

For more information and to register contact mmferguson@gmail.com with "Update on Infection Control" in the subject line. More detailed outline available on our web site
<http://www.phdservices.blogspot.ca/2012/04/infection-control-guidelines.html>

Alternative to Traditional Practice

Oct 18 for Hygienists/CDAs/Foreign dental professionals - Melinda Ferguson-Robertson 'Traditional Dentistry' not working out for you? Burnt out, ergonomic issues, short on hours, allergies, not able to find a suitable placement, looking for a 'plan B'?

Many have considered alternatives but don't know where to turn. This presentation is suitable for all members of the dental team, foreign clinicians who are unable to get licensed in this country and others interested in dental related avenues to employment/self-employment. This presentation will touch on the avenues available and point you in directions that may help you get there.

Have you considered: Sales, Marketing, Writing - consumer and/or professional ,Research ,Education/ Continuing Education, Trade shows, Practice Management, Insurance Claims Adjudication, Insurance Sales, Product Educator, or Demonstrator, Dental Software, or Equipment Support, Public Health and other Alternative Settings ,Web design/writing/social media and More

Visit our website for a more detailed outline. (For complete outline at www.facebook.com/phdservices)

CPR Recertification for the Dental Team

Nov 1 (Certified CPR instructor) — CPR is a valuable professional resource and may save a life, in the office, at home, or on the street. Bring the team, get your certification up-to-date. (For complete outline at www.facebook.com/phdservices)

Oral Cancer and the Dental Team

Nov. 27—Eva Grazel, Oral Cancer Storyteller, author, cancer survivor—hear how the dental profession failed her and how you can prevent it from happening to someone else. Check out her web page at www.evagrazel.com. Any profits after costs go to oral cancer charities. After viewing her Youtube videos you won't want to miss 'the show'.
